TWP01 0909  
(Revised 09/2009)

# PROTECT THE PARTS THAT KEEP YOU ROLLING.

Your Harley-Davidson® motorcycle comes with a factory warranty that covers major mechanical components, but what about a flat tire, bent wheel rim or damaged sidecar tire? Now you can protect yourself from out-of-pocket repair costs caused by unexpected road hazards with H-D™ Tire & Wheel Protection.

## REASSURANCE FOR THE ROAD AHEAD

Tire & Wheel Protection covers costs associated with the repair or replacement of tires and wheels, plus labor and taxes. All motorcycle tires are covered — both the original and any replacements — for the duration of your coverage, with no maximum occurrences and no deductible. That means you pay nothing for repairs covered under the plan. This valuable protection will give you coverage from road hazards like potholes, or debris on the road surface like nails, rocks or tree limbs.

H-D™ Tire & Wheel Protection must be purchased at the time you purchase your motorcycle or at the time you purchase new tire(s) and/or wheel(s) from an authorized Harley-Davidson® dealership. Coverage can be included on your motorcycle loan. You even have a choice as to the length of coverage — from 1–7 years — that best suits your needs. Coverage begins the same day you purchase the protection and continues for the duration of the purchased term. Protect your investment and your finances with H-D™ Tire & Wheel Protection.

## TOP 10 REASONS TO GET H-D™ TIRE & WHEEL PROTECTION
